Side border

With dpn, invisibly cast on 14 sts. **Row 1** (RS) Sl 1 purlwise with yarn in front, k2, yo, k1, [yo, k2tog] twice, k6—15 sts. **2** Sl 1 purlwise with yarn in front, k14. Work 16 rows of Chart A 33 times.

Corner 1

Work 16 rows of Chart B twice.

2nd side border and main body

Next row (RS) With circular needle, work row 1 of Chart A over 15 sts, place marker, pick up and k 1 st in front half only of each of 265 slipped sts along straight edge of border.

Corner 2

Place 14 sts from invisible cast-on onto dpn, place 2nd marker on circular needle, then with circular needle, k across 14 cast-on sts, inc 1 st—15 sts. Work Chart C over these sts only (working with circular needle and dpn) until 16 rows of chart have been worked twice.

Two side borders and main body

(Note When working Chart A, k first st of every WS row instead of slipping it.)

Next row (WS) With circular needle, work row 1 of Chart D over 15 sts, k 265 body sts, work row 2 of Chart A over 16 sts.

Next row (RS) Work row 3 of Chart A, [row 1 of Chart E] 16 times, row 1 of Chart F, row 2 of Chart D. **Next row** (WS) Work row 3 of Chart D, row 2 of Chart F, [row 2 of Chart E] 16 times, row 4 of Chart A. Cont in pat as established until 48 rows of Chart F have been worked. Cont working Chart E over body (cont to work k2tog at end of RS rows, working decs into pat).

When the number of body sts has been reduced to 6, work 7 rows of Chart G over these sts. **Next row** (WS) Work row 13 of chart D to last st, W&T. **Next row** (RS) K14, k2tog. **Next row** (WS) Work row 15 of Chart D (except k last st instead of W&T), p2 body sts, work row 16 of Chart A.

Corner 3

Work 16 rows of Chart B over first 15 sts of side border, then work rows 1–7 once more (except k last st of row 7 instead of W&T), remove marker, work k2tog over 2 body sts, k to last 2 sts of other side border, k2tog. Work rows 1–5 of Chart C over 15 sts (except k last st of row 5 instead of W&T), remove marker, k 1 body st. Cut yarn, leaving tail for grafting. Fold with WS tog and work St st graft over 19 sts of each border.

Finishing

Block shawl as foll: Beg at one corner, thread thick nylon cord loosely from back to front through each tooth point around edge of shawl. Tie ends of cord tog. Thoroughly wet piece and squeeze out excess moisture. Lay out on flat surface. Using T-pins, pin the 3 points of triangle to its basic shape and size. Connect corner T-pins with separate length of cord to mark the final dimensions. Pull cord between each tooth out to its outer cord and anchor with T-pins. Always pin into loops formed by cord, not into shawl. Adjust pins and cord as necessary until shawl is stretched taut. □

Note for Charts C & D:

Odd-numbered rows are WS rows.

If you forget to twist yarns between colors in intarsia knitting, holes will form. It's not usually a desired effect—unless you control their placement for decoration or function. Try this new approach to colorful knits.

Uschi's 5-year-old daughter's artwork inspires many color combinations for knitting.

This little treasure bag is a cinch to knit and a great learning project. Mode from the top down on circular needles (then on double points as needed), this project is a great way to practice ribbing, yarn overs, and decreases for sock knitting. And best of all, you needn't make heels or a mate.

For backpack only, work with 2 strands of C held tog throughout. Instructions are for both purse and backpack; when there are 2 numbers, the number in parentheses is for the backpack. 4 Base is worked first, then sts are picked up around base and the rest of the piece is worked circularly.

Cords and tucks converge to form grids on the backpack and drawstring purse. Either project would make a perfect primer for flat and circular knitting, picking up stitches, working tucks, knitting stitches together from two needles, and making I-cord.

Julie's niece, Lauren, has joined the ranks of knitters, and this top was designed for women of her generation.

Bare your arms, and tickle your midriff with a little fringe. The idea is fun and flirty, but remember you can easily lengthen it for a more modest version—just add a ball or two to your yarn requirements.

Decline

1 See School, p. 94, for ssk, ssp and 3-needle bind-off. 2 Sweater is worked in separate strips that are sewn tog. 3 Color sequence of strips is always A, B, C, D, E, but not every strip starts with color A. Cast on with the color indicated and cont foll sequence from that point. Change colors where indicated in Bias Pat. 4 Beg each strip by casting on 23 (25, 27) sts.

Diagonal panels fit together beautifully to form chevrons. The multicolored yarns rival an artist's palette, and will delight the knitter as well as the wearer.

Notes

1 See School, p. 94, for long-tailed cast-on, intarsia, and single crochet (sc). 2 Use long-tailed cast-on throughout. 3 Twist yarns tog on WS at color changes to prevent holes. 4 Use 4 separate lengths of C for each square; use separate lengths of A and B on each side of center motif on chart rows 12–17. 5 When a color must be carried over 3 or 4 sts (color A on chart row 8 for example) move yarn into position on preceding row by catching it once under working yarn (on WS of work).

Square MAKE 42

Cast on 32 sts as foll: 5 sts C, 22 sts A, 5 sts C. **Work Chart for Square** Beg with a WS row, work chart rows 1–11, then work rows 12–15 (using D, E, or F for center motif) 8 times, work through chart row 29. Bind off.
